Milliary Road School; II a. m., Sumner School; 1 p. m., Fort Reno School; 2
p. m., Randall School. December 8—9 a. m., Armstrong School; 10 a. m., Crummell School; 11 a. m., Cardoza Vocational School; 1 p. m., Smothers School; 2 p. m.,
O Street Vocational.
When the speakers have completed

When the speakers have completed their assignments, the pupils will sub-mit essays on the desirability of early malling of Christmas parcels, and the sixteen boys submitting the best essays will be selected for appointment to the temporary force employed at the Post-office for service during the Christmas holiday period.

# G. W. U. LAW SCHOOL TO RAISE \$100,000

Campaign for Funds for Erection of Building Given New Impetus.

The campaign for the raising of \$109,000 for the erection of a law school building and Mrs. Field have taken an apartment for George Washington University will be given new impetus by the publication of the control of the contr be given new impetus by the publica-tion of the Columbian-George Washing-ton Law School Association Bulletin which is now on the press, and which contains vigorous appeals for contributions toward the fund.

Already approximately \$20,000 of the amount has been raised and appeals for

the remainder are made in articles writthe remainder are made in articles writ-ten for the Bullefin, a semi-annual publi-cation, by Rear Admiral Charles Her-bert Stockton, U. S. N., retired, president of the university; Prof. Everett Fraser, dean of the Law School, and William B. King, president of the Law School Asso-ciation.

William I. Gantt has been given a probase been graduated species, but is peris sacrifice; for fifty-one years the school
has been graduated spraguesting students mostly selfsupporting persons; the school ranks as
one of the best in the country; every
graduate is affected by the success or
failure of the school; and if each of the
fifty-one classes graduated since 1868
would raise \$1,000, the fund would be assured.

Humphreys' Seventy-seven For Grip, Influenza

"Watch Your Sneeze!"

An eminent physician says: "A misstep is unfortunate, but a random sneeze is one of the most dangerous things we have to consider. Take a person who, through lack of sleep, hunger, sorrow or exposure to the elements, is susceptible, add one explosive sneeze and you have at least one call for a doctor. No one wants to spread disease, and this is the ideal time to watch your sneeze."

To get the best results to break up a Cold, take "Seventy-seven" at the first sneeze. If you wait until the Cold becomes deep-seated, it will take longer.

longer.

# TEACHERS' RETIREMENT **WOULD BENEFIT SYSTEM**

Officials Point Out that Law Would Weed Out Inefficient Members.

The teachers' retirement bill has been primarily designed for the good of the Washington school system, the interest of the teacher being a secondary consideration, according to the position of the central teachers' committee and others working for the measure, expressed yesterday.

years on a basic salary of \$300, the amount of her annuity would be \$560. Of this sum \$340 will be provided by appro-priation. It is calculated that the average woman teacher's life after 62 years is 14.48 years. This would give her an income of about \$2,000 after retirement, while the actual cost to her was about \$1.000 and \$1.000

It is not generally understood, workers for the movement declared, that the bill provides that the government must pay annuity for the difference in years from to the age of the teacher when she starts payments into the pension fund. If the bill should become operative next year and a teacher would be 40 years old, the government would be required to contribute \$6 a year for the past 20 years of this teacher's life and for every y until she arrives at the retiring age.
